

THE MORATORIUM EXCEPTIONS PROCESS: WHAT CARE CENTERS NEED TO KNOW

Wednesday, September 11, 2019 • 2 - 3 p.m.

PURPOSE

Moratorium Exceptions application materials have been published by the Minnesota Department of Health. Care centers interested in applying should prepare now to complete and submit all the required application materials by the December 20 deadline. This webinar will help care center staff evaluate whether to apply for a moratorium exception and provide an understanding of the new property rate system that will be applied to approved projects. It will also discuss options for implementing property projects outside the competitive process and reasons to consider that approach.

LEARNING OBJECTIVES:

- Understand all the components that go into a Moratorium Exceptions application and what needs to be completed by the deadline.
- Consider the impact that the new appraisal-based property rate system will have on your building's property rate if you are approved through the exceptions process.
- Evaluate options outside the application process for making needed investments in the facility.
