PART 2 - CORE CURRIRULUM

This online training covers the Five Core Domains of Practice which are required in the 80+ hour training for Minnesota. The National Association of Long-Term Care Administrator Boards (NAB) has set forth these Five Core Domains of Practice as being essential for AL Directors:

- Customer Care, Supports and Services
- Human Resources
- Finance
- Environmental
- Leadership and Management

Courses can be accessed beginning in the fall of 2021 and taken at an individual’s own pace. They include interactive exercises and short quizzes that align with the job and responsibilities of an AL Director. After the successful completion of individual courses within a given Domain of Practice the next course can be accessed. The courses are approved by NAB.

BECOMING A LICENSED AL DIRECTOR

A refresher [guide](#) for becoming a licensed AL director in Minnesota is provided.
