## Assisted Living Licensure

AND OLDER ADULT PROTECTIONS

### PURPOSE

A major step in preparing for the implementation of Assisted Living (AL) licensure is reading and understanding the multiple Minnesota statutes, laws and rules that will govern it. In fact, Assisted Living directors will be required to attest to having completed this on both the AL licensure application and their application to become a licensed assisted living director in Minnesota. The sheer volume of information and how the documents are written can be daunting. This webinar is designed to help AL directors and others successfully navigate through AL licensure laws and rules to prepare for implementation on August 1, 2021.

### LEARNING OBJECTIVES

- List the applicable AL licensure laws, rules and statutes you need to read and understand.
- Learn valuable concepts and techniques for reading and understanding these types of documents without possessing a law degree.
- Navigate the websites where the AL licensure documents can be found so you can view electronically or print them.
- Briefly review the applicable rules or statutes and discuss some of their quirks that might trip you up the first time you read them.
- Know how to use the AL licensure laws, rules and statutes to train yourself and your staff to be in compliance from the very start of implementation and demonstrate that knowledge at your first survey.
