BUILDING A STRONGER FUTURE

As we prepare for the coming year, we invite you to get involved in LeadingAge Minnesota committees in 2023. On numerous fronts we are tackling the challenges you face, and we need you to help shape the important work ahead. Pushing for adequate, timely and sustainable funding; reforming the regulatory system to be fair, consistent, and collaborative; addressing issues in the new Assisted Living Licensure requirements—just a few of the impactful issues facing senior care in the coming year. Through it all we have a tremendous opportunity to improve the aging experience for those we serve.

In addition to contributing to the collective work of the Association, don't miss out on these valuable benefits of committee service:

Knowledge: Want to stay on top of the changes that are a constant in our field? Gain in-depth knowledge and get questions answered by content experts and staff.

Networking: Want to meet people who are passionate about your interests? Expand your network of peers and share strategies for addressing challenges and creating solutions.

Influence: Want to make a difference? Share your thoughts, opinions and experience while shaping the strategies, priorities, and public policy agenda of your Association.
