

Workforce Technology Solutions: Combatting the Workforce Crisis While Improving Care

LeadingAge[®]MN
FOUNDATION

Thursday, July 13
1 - 2 p.m.

Purpose

Technology solutions can help healthcare providers and support staff provide care and maintain operations more efficiently and effectively. However, having quality solutions is only part of the story. Successful implementation and an innovative culture are both vital for capitalizing on all the benefits technology offers.

In this webinar, you will learn from experienced operators about best practices for implementing new technology, workflows, and systems. You will also hear from the LeadingAge Center for Aging Services Technology (CAST) about resources available to LeadingAge members and how they are leading the charge to expedite the development, evaluation, and adoption of emerging technologies that can improve the aging experience.

www.LeadngAgeMN.org

Learning Objectives

- Discover technology solutions that are making a significant impact on the workforce crisis.
- Identify practical strategies for successful implementation of new technology solutions.
- Discuss resources available to support exploration of trusted technology solutions including LeadingAge Minnesota solutions playbooks as well as LeadingAge Center for Aging Services Technology resources and insights.

This educational webinar and the [Workforce Technology Solutions Playbook Series](#) are funded by the LeadingAge Minnesota Foundation.

Suggested Audience: Operators and clinical leadership of skilled nursing facilities, assisted living, senior housing, and adult day programs.

Presenter/s

Joel Prevost, LHSE, LNHA, MBA, Founder, Prevost Partners Inc., Golden Valley; Scott Code, Vice President, Center for Aging Services Technologies, Washington, DC; Joe Velderman, MCP, Vice President of Innovation, Cypress Living, Fort Meyers, Fla; and Traci Hendrickx, Vice President of Long-Term Care, Perham Health, Perham
