

# THE FORCES OF QUALITY, QUANTITY, AND VALUE FOR RESIDENT WELLNESS

**Thursday, June 20, Noon – 1 p.m.**

## Purpose

Skilled Nursing operators and providers have been preparing for anticipated changes of claim based and coding-based measure updates. Now that changes are final, it is time to evaluate how the new 5 Star Quality Rating System and Quality Reporting Program (QRP) measures will impact your outcomes. The presentation will include value-based care discussions with suggestions for collaborations across settings and technology innovation that will focus on resident Health vs. Healthcare.

## Learning Objectives

- Summarize the measure updates and understand the SNF QRP Discharge Self-Care, Discharge Mobility, and Discharge Function measures.
- Understand the SNF QRP increased data thresholds for MDS submissions and the SNF Value Based Purchasing adjustments.
- Identify steps for updating current data collection and outcome tracking with focus on patient engagement and behavior changes.

## Suggested Audience

Nursing Home Administrators, Directors of Nursing, Business Office Staff, MDS Professionals, and roles responsible for MDS assessments such as Rehabilitation Therapists, Social Services and Activity/Therapeutic Recreation.

## Presenter

Elisa Bovee, MS OTR/L, Vice President of Clinical Strategies, HealthPro Heritage, Greenville, S.C.
