

Nurse Lunch and Learn Webinars

April 17 • May 15 • June 18 • Oct. 17 • Nov. 20 • Dec. 18

Purpose

Nurse Lunch and Learn webinars offer quick, focused sessions for nurse teams, emphasizing staff and direct care nurses. Each virtual webinar begins with a brief presentation on key topics, followed by a small group exercise for hands-on application of the learning outcomes. Tailored for busy schedules, it promotes interactive participation, community building, and practical skill application among nurses, contributing to ongoing professional development and improved resident care.

Schedule

Wednesday, April 17, 2024

Nursing and Prioritizing Your Day

- Identify and understand the key principles of effective time management in nursing practice.
- Apply practical strategies for prioritizing tasks and organizing workflow to optimize efficiency and patient care outcomes.

Wednesday, May 15, 2024

Diabetes Management

- Identify the key principles of diabetic management in the long-term care setting, including blood glucose monitoring, medication administration, and dietary considerations.
- Demonstrate practical strategies for promoting diabetic foot care and preventing complications related to diabetes among residents in long-term care facilities.

Tuesday, June 18, 2024

Managing Residents with COPD

- Understand the pathophysiology of COPD and its impact on respiratory function in long-term care residents, including common symptoms and exacerbation triggers.
- Apply evidence-based strategies for managing COPD in the long-term care setting, including medication management, oxygen therapy, and respiratory support measures to optimize resident comfort and quality of life.
