LeadingAge Minnesota bylaws provide for Lifetime Honorary Memberships to be bestowed on "persons of distinction" by election at each Annual Meeting. Nominations are being sought for these persons of distinction for 2025.

Members wishing to nominate an individual for Lifetime Honorary Membership should complete a nomination form and **submit no later than Friday, Aug. 8.**

Lifetime Honorary Memberships will be bestowed each year. This honor is awarded in recognition of exceptional contributions to the overall success of the Association either by *service as a leader at the district, committee or board level* and/or by *consistent service to the Association as an event volunteer or in other supportive roles*. To be eligible for this award, individuals must also:

- **Be fully retired from the field of aging services (no longer active in the field in a full-time paid role or position).**

- **Have been an active LeadingAge Minnesota member for a period of at least 10 years.**

Lifetime Honorary Members pay no dues to the association, receive all association publications, and may attend the Institute and other LeadingAge Minnesota signature events without payment of registration fees.

Lifetime Honorary Membership candidates will be chosen by the Nominating Committee and voted upon by the membership at the LeadingAge Minnesota Annual Business Meeting at Grandview Lodge on Sept. 18.
