

TECHNOLOGY LUNCH AND LEARN

Navigating AI in the Workplace: Practical Strategies for Leaders

July 23 • Noon - 1 p.m.

PURPOSE

Technology Lunch and Learn webinars offer quick, focused sessions on key technology topics. Each virtual webinar begins with a presentation followed by time for discussion and questions.

By the end of this Lunch and Learn session, participants will be able to:

Identify Common AI Tools and Uses

- 1 Describe common examples of AI tools that employees might use in long-term care settings, including both formal and informal applications (e.g., documentation support, communication, scheduling).

Understand Risks and Benefits

- 2 Recognize the potential benefits of employee-driven AI use (e.g., efficiency, workload reduction) alongside key risks such as privacy breaches, misinformation, and compliance challenges.

Develop AI Governance Strategies

- 3 Discuss practical approaches for setting expectations and guidelines for appropriate employee use of AI tools, including policy considerations and best practices for maintaining resident safety and data security.

Support Workforce Readiness

- 4 Identify training and communication strategies to increase staff awareness and competence in using AI responsibly and ethically in day-to-day work.

SUGGESTED AUDIENCE

Leaders, managers, and IT professionals in all settings.

PRESENTER

Angi Moore, Director of Digital Marketing, Ebenezer, Edina

CEUs *Eligible for 0.75 clock hours*

The Technology Lunch and Learn webinar has been designed to meet the continuing education approval criteria for the Minnesota Board of Executives for Long Term Services and Supports (MN-BELTSS). Participants may also request a general certificate of attendance. CEUs are earned only for the individual registered.

Cut-Off/Cancellation

Registration cut-off date/cancellation deadline is July 21 at 5 p.m. LeadingAge Minnesota reserves the right to cancel this webinar.
