

New Laws, Real Impact

A Practical Look at 2026 Assisted Living Changes

Tuesday, July 21; Noon - 1 p.m.

This webinar will help assisted living providers understand what changed during the 2026 legislative session and why those changes matter for daily operations. Participants will learn where updates may affect licensing, compliance, resident rights, staff practices, and policy expectations so they can plan next steps with confidence.

Learning Objectives

- Identify the assisted living statutory changes from the 2026 legislative session and explain how they impact licensing expectations, regulatory risk, and resident rights.
- Apply key legislative changes to assisted living operations, including admissions, change of ownership, disclosure requirements, emergency response, restraint policy, staff training, documentation, and compliance workflows.
- Evaluate next steps for implementation by determining what policies, procedures, staff education, resident-facing materials, and leadership practices should be reviewed or updated before each effective date.

Suggested Audience

Licensed assisted living directors and other operations staff in assisted living communities.
