

Quality Dementia Care Dialogues: Helping people with dementia cope with social distancing & transitions of care

**This Session is Designed For
Long Term Care Providers and Staff**

The purpose of this session is to:

- Increase knowledge about the latest facts and figures of Alzheimer's disease
- Gain an understanding of the topic areas of the Dementia Care Practice Recommendations
- Learn about new emergency preparedness guidelines developed for caring with persons with dementia in long-term or community-based care settings.
- Facilitate connections between staff from communities & organizations around MN, ND & SD to share strategies and interventions that are effective for them in the COVID-19 pandemic.

Featuring Doug Pace,
Director of Mission Partnerships
for the Alzheimer's Association

Upcoming live webinar, registration required:

**Wednesday, May 20th
2:00 - 3:00 pm**
