PURPOSE

This interactive workshop is designed to provide participants with the necessary information to implement the new Facility Wide Resource Assessment (FWRA). Phase 2 of the revised Requirements of Participation for Skilled Nursing Facilities mandates that facilities conduct and document a FWRA to determine what resources are necessary to care for its residents competently during both day-to-day operations and emergencies. By attending, participants will be able to create an organizational plan for resource utilization and staffing in advance of the November 28, 2017, effective date. Key topic areas to be covered include the required elements of the FWRA, strategies for completing it, and assessing staff competencies, skills and knowledge.

LEARNING OBJECTIVES

- Refresh your understanding of the key concepts of the new FWRA in the revised Requirements of Participation for Skilled Nursing Facilities.
- Describe the required elements of the FWRA so you can ensure your own plan covers them.
- Understand the different resource areas that need to be included in the FWRA.
- Discuss how to conduct a facility-based and community-based risk assessment using an all hazards approach.
- Know what's expected for assessing your staff's competencies, skills and knowledge related to the services you provide and the findings of the FWRA.
- **Achieve compliance by creating a draft plan for implementing the FWRA in advance of the November 28, 2017 implementation date.**

PRESENTER

Leah Killian-Smith is a Director for Pathway Health Services with responsibility for supporting quality and government services projects. She manages relationships with government agencies, clients with recovery needs, education and training, and helping to lead the regulatory compliance initiatives of Pathways' clients. She provides education and training nationally to assist providers with meeting the requirements of participation for skilled nursing facilities.

WORKSHOP FORMAT

Using documents you will be asked to bring along to this interactive workshop, you will develop your own FWRA Plan so that you can better prepare for compliance by November 28, 2017.

You will also take away valuable tools and information you can use right away and share with the rest of your team.

CONTINUING EDUCATION CREDITS

Application is being made to the Minnesota Board of Examiners for Nursing Home Administrators for clock hours. The workshop has been designed to meet the Minnesota Board of Nursing continuing education requirement for licensed nurses. LeadingAge Minnesota is an approved provider of continuing education for licensed social workers by the Minnesota Board of Social Work. Participants may also request a general certificate of attendance.

ACCOMMODATIONS

A listing of hotels nearby each meeting site will be sent upon registration confirmation.
