

Minnesota, we're not getting any younger!

FACT: Soon 25% of our adult population will be 65+.

We are experiencing a rapid boom in the population of those 65 and older in Minnesota.

The number of Minnesotans turning 65 in this decade (about 285,000) will be greater than the past four decades combined. By 2030, more than one in four Minnesota adults will be seniors.

How will your county age? Find out with Face Aging MN's new interactive maps! Scan this QR code with your mobile device or visit www.FaceAgingMN.org and click "Age Map" in the menu.
