PURPOSE
Last year, CMS issued guidelines for the SNF Re-hospitalization Measure and new claims-based and MDS-based Quality Measures. This webinar will focus on how to operationalize and impact these measures to improve care, meet requirements and prepare for potential impacts to payment and referrals.

LEARNING OBJECTIVES:
• Identify anticipated initiatives from CMS over the next three years for re-hospitalization measures, and new claims-based and MDS-based quality measures.
• Consider how your processes may need to change to meet the new objectives.
• Discuss how to implement strategies to effectively meet these new initiatives.

SUGGESTED AUDIENCE:
• LTC Administrators
• Site Leaders
• Nursing/Clinical Services Staff
• QA/QI Staff
• Other Interested Staff
