## Eliminating Preventable Harm in the Course of Caregiving

## Eliminating Preventable Harm in the Course of Caregiving

### RESPECT & DIGNITY

A partnership with the senior at the center, and treated with respect and dignity - always!

### RESPECT & DIGNITY

A partnership with the senior at the center, and treated with respect and dignity - always!

### CHANGING DEMOGRAPHICS

A fast-growing aging population whose needs are growing increasingly complex.

### CHANGING DEMOGRAPHICS

A fast-growing aging population whose needs are growing increasingly complex.

### QUALITY CARE & SERVICES

Opportunities for improvements in safety and quality in care centers, assisted living and adult day.

### QUALITY CARE & SERVICES

Opportunities for improvements in safety and quality in care centers, assisted living and adult day.

### COMMUNICATION

A desire for open, ongoing and effective communication among residents, families, staff and leadership.

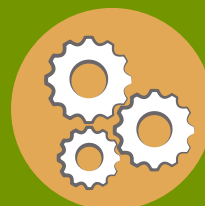

### COMMUNICATION

A desire for open, ongoing and effective communication among residents, families, staff and leadership.

### ACTION PLAN

Thinking and doing things that prevent the risk of harm before it occurs and ... uncovers opportunities for learning and improvement when something unexpected does happen.

### ACTION PLAN

Thinking and doing things that prevents risk of harm before it occurs and ... uncovers opportunities for learning and improvement when something unexpected does happen.
